From the Office of
Senator Henry M. Jackson (D., Wash.)
Chairman, Subcommittee on National
Policy Machinery

For Immediate Release
Tues., June 28, 1960

Senator Henry M. Jackson today announced that Governor Nelson A. Rockefeller of New York will testify before the Subcommittee on National Policy Machinery in open session Friday, ^{Saturday} June 30, at 9:30 a.m.

"Governor Rockefeller has had long and varied experience in areas of great interest to the Subcommittee," Jackson said, "and I am sure that his testimony will be useful in our study of how best to organize the Government to meet the great challenge of the 60's."

Governor Rockefeller has served the Federal Government in three Administrations. He was Coordinator of Inter-American Affairs and later Assistant Secretary of State in President Roosevelt's Administration. He was Chairman of the International Development Advisory Board under President Truman. He served as Under Secretary of Health, Education and Welfare and later as Special Assistant to the President in President Eisenhower's Administration. He was also a member of President Eisenhower's Advisory Committee on Government Organization.

As chairman of the Special Studies Project of the Rockefeller Brothers Fund, Governor Rockefeller has been closely associated with the Project's reports on our foreign policy and military programs.

The meeting will be held in Room 1202, Appropriations Committee hearing room, New Senate Office Building. After the public meeting, the Committee will adjourn into executive session with Governor Rockefeller to take testimony on matters relating to the National Security Council.

The Subcommittee on National Policy Machinery has been making a nonpartisan study of the organization of the Government for the contest with world communism and for the building of a peaceful world order. The Subcommittee heard earlier this month from former Governor W. Averell Harriman of New York.

In addition to Senator Jackson, Chairman of the Subcommittee, the Subcommittee members are: Senators Hubert H. Humphrey (D., Minn.), Edmund S. Muskie (D., Me.), Karl E. Mundt (R., S. Dak.) and Jacob K. Javits (R., N.Y.).
